

We have received notification that most in-person hearings will be suspended in Callahan County. While it is believed that this directive relates primarily to criminal case hearings, out of an abundance of caution, our Commissioners' Court meetings will, effective 1/8/2021 and continuing until we receive direction otherwise, return to mostly virtual attendance.

Commissioners and limited staff members will be permitted to attend in-person, following social distancing guidelines. Commissioners and staff members are encouraged to attend virtually instead of in-person. The public may attend virtually as well. Any member of the public who does not have the technology to participate virtually will be permitted to attend after screening.

The public may participate in the meeting through the following toll-free dial in number, 888-788-0099 and entering Meeting ID 325-854-5805 or video conference link <https://zoom.us/j/3258545805>.
