Date	March 25, 2020
Time	0900
Operational Period	March 25 to March 26, 2020
Report Number	7

Regions Affected	
Regions Affected	1, 2, 3, 4, 5 & 6
DDCs Active	ALL DDCs are activated

STATEWIDE CURRENT SITUATION: On Wednesday March 25, Governor Greg Abbott released a statement thanking President Trump for issuing a Major Disaster Declaration (EM-3458) for the State of Texas. This announcement comes after the Governor requested the declaration—citing the need for additional federal assistance to save lives, to protect property, public health, and safety, and to lessen or avert the threat of COVID-19.

“Texas is aggressively pursuing and implementing all necessary strategies to limit the impact of COVID-19, and I thank President Trump for his swift action to issue a Major Disaster Declaration for the State of Texas,” said Governor Abbott. “The President’s declaration opens up new sources of funding for individual and public assistance that will help Texas respond to this public health emergency and protect public health and safety.”

Governor Greg Abbott has temporarily waived certain hospital licensing rules and the Texas Health and Human Services Commission (HHSC) has adopted an emergency rule to meet Texas’ need for additional hospital capacity while the state responds to COVID-19. These actions allow for certain facilities that have pending licenses or facilities that have been closed for no more than 36 months to come online under existing hospital building licenses. These facilities will be administered and operated by hospitals with existing licenses. The waivers also remove certain mileage restrictions which will allow hospitals to operate additional facilities that are more than 30 miles away from the main licensed hospital.

Governor Greg Abbott has waived certain regulations from the Texas Board of Nursing regarding licensing renewal and subsequent fees for nurses in Texas. The Governor’s waiver authorizes a six-month grace period for nurses with expired licenses. This grace period will

allow nurses who are otherwise in good standing to continue practicing and will give them additional time to renew their license without added fees and penalties.

Governor Abbott held a press conference on March 24 to provide an update on incoming supplies of Personal Protective Equipment (PPE) and other resources to aid Texas' response to COVID-19. The Governor announced that the newly established Supply Chain Strike Force has already secured more than \$83 million of purchase orders for essential supplies. Additionally, the Governor announced that the Texas Division of Emergency Management (TDEM) will begin receiving 100,000 masks per day by the end of this week and the Supply Chain Strike Force will begin receiving an additional 100,000 masks per day by the end of next week—meaning the State of Texas will soon be receiving more than one million masks per week.

The Governor also announced the launch of an online portal run by the Supply Chain Strike Force to streamline the process and validation of leads for more supplies. The portal, accessible through www.texas.gov, will serve as an intake process for those wanting to provide valid leads on PPE and donations. The portal also serves as a portal for those wanting to donate supplies, services, or your time—including medical professionals and nurses looking to volunteer.

The Governor also issued an Executive Order to better track both hospital bed capacity and COVID-19 test results across the state. The Executive Order requires all hospitals, excluding psychiatric hospitals, to submit daily reports on hospital bed capacity to the Texas Department of State Health Services (DSHS) who will then share this information with the Centers for Disease Control and Prevention (CDC). The order also requires every public or private entity utilizing FDA-approved COVID-19 tests to submit daily reports of all results to the local health department and DSHS who will then share this information with the CDC.

Governor Abbott has directed the Texas Department of State Health Services (DSHS) to issue guidance allowing restaurants to sell bulk retail products from restaurant supply chain distributors directly to consumers provided that such foods are in their original condition, packaging, or presented as received by the restaurant. Under this guidance, restaurants will be able to sell items like packaged meat, fruit and vegetables, and dry goods directly to the public to prepare and consume at home. This guidance will allow distributors and restaurants to provide Texans another source of food outside of grocery stores and prepared food from restaurants. These bulk food items would be available for purchase through restaurants offering drive-thru, delivery, pick-up, and curbside service.

The U.S. Food & Drug Administration (FDA) released an announcement Friday, March 20th that warns consumers about unauthorized fraudulent coronavirus tests. The agency is beginning to see unauthorized fraudulent test kits that are being marketed to test for COVID-19 in the home. The FDA has not authorized any test that is available to purchase for testing at home for COVID-19. The FDA will take appropriate action to protect consumers from bad actors who take advantage of a crisis to deceive the public by marketing tests that pose risks to patient health. Enforcement is being stepped up at ports of entry, including International Mail Facilities, to

ensure these fraudulent products that originate outside the country do not enter through our borders. Reports may be sent via email to: FDA-COVID-19-Fraudulent-Products@fda.hhs.gov.

Governor Abbott sent a letter to President Trump requesting a presidential declaration of a major disaster in Texas based on the continued impact of COVID-19. This action follows on the heels of a series of proactive measures, including declaring a state of disaster for all 254 Texas counties on March 13, 2020. Filed in accordance with the Stafford Disaster Relief and Emergency Assistance Act, the request is based in part on Governor Abbott's conclusion that the ongoing COVID-19 incident is of such severity and magnitude that supplementary federal assistance is necessary to save lives, to protect property, public health, and safety, and to lessen or avert the threat of a larger disaster.

In his letter, the Governor specifically requested Individual Assistance Crisis Counseling and Public Assistance Category B (Emergency Protective Measures) including Direct Federal Assistance for all 254 counties in Texas, noting that, as of March 23rd, Texas has 352 confirmed cases of COVID-19 with eight related deaths.

Governor Abbott's letter also detailed the state's efforts to mitigate the impact of COVID-19, including executing the state's emergency management plan and issuing multiple executive orders, in accordance with guidelines from President Trump and the Centers for Disease Control and Prevention (CDC). These include:

- mandatory avoidance of social gatherings of more than 10 people;
- mandatory avoidance of dine-in eating and drinking at bars or restaurants, and of gyms or massage establishments;
- prohibition on non-critical visits to nursing homes, retirement or long-term care facilities; and
- the temporary closure of in-person school operations.

The Governor has also issued multiple waivers of state law to remove barriers limiting the response to this pandemic and activated the Texas National Guard to be prepared to assist with response efforts for COVID-19. To date, more than 466 Texas jurisdictions have submitted local disaster declarations, a number that is expected to rise. The requested federal aid would be used to overcome the current shortage of personal protective equipment (PPE), needed medical equipment and testing supplies as well as looming shortages of hospital beds, medical equipment, and a healthy and adequate cadre of medical personnel.

The letter also designated Chief Nim Kidd as the Governor's Authorized Representative and State Coordinating Officer, tasked with continuing his coordination with FEMA on all matters related to COVID-19.

On March 22, the governor signed an Executive Order for hospitals to increase unused bed capacity without submitting an application or associated fees. This precautionary measure will help ensure Texas hospitals across the state have adequate care capacity for COVID-19 patients. The order allows for increased occupancy of hospital rooms to treat more than one patient in a room. The order also postpones all surgeries that are of non-life saving category or those who would use up PPE. The order also creates a Supply Chain Strike Force to ensure all health care facilities have the supplies and resources they need. The task force will secure the needed personal protective equipment (PPE) and food for medical personnel, first responders

and those who contract COVID-19. This executive order takes effect immediately and remains in effect until April 21.

On March 13, 2020, the President of the United States declared the COVID-19 global pandemic as a national emergency.

On March 13, 2020, Abbott issued a proclamation certifying that COVID-19 poses an imminent threat in the state and declared a state of disaster for all 254 counties in Texas.

On March 17th, Governor Abbott waived certain regulations and directed that the Texas Department of Insurance (TDI) issue an emergency rule, all relating to telemedicine care for patients with state-regulated insurance plans to help doctors across Texas continue to treat their patients while mitigating the spread of COVID-19. The suspensions and emergency rule will work together to allow telemedicine visits for patients with state-regulated plans to be paid the same as in-office visits for insurance purposes. These actions build upon waivers the Governor issued last week of portions in the Occupations Code to expand provider flexibility in providing medical services over the phone.

The Commissioner of the Texas Department of State Health Services (DSHS), Dr. John Hellerstedt, issued a Public Health Disaster Declaration in Texas.

Governor Abbott issued an Executive Order effective March 20 through April 3 which bans gatherings of 10 or more persons, orders closures of bar/restaurant dining areas and gyms, restricts access to nursing homes and long-term care facilities, and closes all schools in Texas.

Governor Abbott also announced that the U.S. Small Business Administration (SBA) has included the entire state of Texas in its Economic Injury Disaster Declaration and granted access to its Economic Injury Disaster Loan (EIDL) program, which will provide long-term, low-interest loans to qualifying businesses across the state. The Governor's request was driven by COVID-19-related economic losses across Texas related to major event cancellations, loss of walk-in customers, depletion of stock from suppliers, and client cancellations. Governor Abbott also commented on the SBA's rapid turnaround to a request he made by letter just three days ago. Texas small businesses who believe they may be eligible for an SBA EIDL should visit www.sba.gov/disaster where they can directly apply for assistance. The online application is the fastest method to receive a decision about loan eligibility.

The CDC and Texas Department of State Health Services (DSHS) coronavirus webpages are reliable sources of information. DSHS is monitoring the Texas situation seven days a week. They are working closely with emergency response agencies, local health departments and the CDC. The most up-to-date information and guidance can be found via the Centers for Disease Control and Prevention Coronavirus Disease 2019 (<https://www.cdc.gov/coronavirus/2019-ncov/index.html>). The Coronavirus Task Force continues holding frequent national briefings. DSHS COVID-19 Call Center 1-877-570-9779 Hours 7:00 a.m. to 6:00 p.m. Monday thru Friday.

(1) DSHS will update the state case count each day by 8 PM Central Time.

The President's Nationwide Emergency Declaration, and the Secretary of Health and Human Services' (HHS) declaration of a Public Health Emergency for COVID-19 establish that exigent and emergency circumstances currently exist. For the duration of the Public Health Emergency, which began on January 27, 2020 as determined by HHS, local governments, nonprofits, and other non-state entities may proceed with new and existing noncompetitively procured contracts in order to protect property and public health and safety, or to lessen or avert the threats created by emergency situations for 1) Emergency protective measures under FEMA's Public Assistance Program and 2) Use of FEMA non-disaster grant funds by non-state recipients and sub-recipients to respond to or address COVID-19.

Health and Human Services (HHS) banned non-essential guests at all nursing homes in the State of Texas.

The Texas Department of Agriculture (TDA) Commissioner announced TDA has been granted flexibility from the federal school meal program to allow Texas schools to continue to provide meals to students even if temporarily closed.

On March 14th Governor Abbott, directed the Texas Medical Board (TMB) and the Texas Board of Nursing (TBN) to fast-track the temporary licensing of out-of-state physicians, physician assistants, certain retired physicians, nurses, and other license types to assist in Texas' response to COVID-19.

In addition, the Governor waived certain trucking regulations to expedite delivery of resources and suspended State of Texas Assessments of Academic Readiness (STAR) testing for the state. Governor Abbott has suspended various provisions that require government officials and members of the public to be physically present at a specified meeting location. This temporary suspension will leave important open-meeting protections in place. Governor Abbott will allow virtual and telephonic open meetings to maintain government transparency.

On March 16, 2020, Governor Abbott issued a statement conveying the following information:

- Granting a temporary extension to obtain initial registration, renewal of registration, vehicle titling, and renewal of a permanent disabled parking placard
- Granting a temporary extension for an individual with an expired 30-day temporary permit to obtain another permit or Texas registration.
- Issuing a proclamation setting the special election for Texas State Senate District 14 on Tuesday, July 14, 2020. The special election will fill the seat being vacated by Senator Kirk Watson. The special election would ordinarily be held on Saturday, May 2, 2020, but the Governor utilized his powers under Chapter 418 of the Texas Government Code to suspend provisions of the Texas Election Code and allow the election to be held at the later date due to COVID-19

The Governor also took the following actions.

- On March 17, held a call with hospital CEOs and representatives across Texas to provide an update on care capacities as COVID-19 response continues. On the call, the Governor and hospital representatives discussed the supply, staffing, and bed capacities of hospitals to ensure care providers have the support they need to assist patients. They also discussed strategies to further increase these capacities. The Governor provided an update on Texas' testing capabilities, and announced a survey on capacity needs for hospital networks so that state agencies can ensure adequate resources are continuously provided.
- The Governor also announced that Texas this week will receive an initial 15,000 testing kits from the Federal Emergency Management Agency (FEMA) that will be disbursed throughout the state to public and private entities providing testing. By Friday, the state estimates that Texas will be able to perform 10,000 COVID-19 tests per week.
- Issued 4 executive orders to mitigate the spread of COVID-19 in Texas. Every person in Texas shall avoid social gatherings in groups of more than 10 people. People shall avoid eating or drinking at bars, restaurants, and food courts, or visiting gyms or massage parlors; provided, however, that the use of drive-thru, pickup, or delivery options is allowed and highly encouraged throughout the limited duration of this executive order. People shall not visit nursing homes or retirement or long-term care facilities unless to provide critical assistance schools shall temporarily close.

- Temporarily suspending certain regulations to ensure that Texans will have continued access to their pharmacists as the state responds to COVID-19. The Governor's actions will allow pharmacists to conduct telephonic consultations, and remove regulatory barriers so that pharmacies can operate at full strength.

The Office of the Attorney General's Child Support Division advised that, effective immediately, local child support offices are in the process of transitioning to providing virtual child support establishment and enforcement services. During this time, while physical child support offices will be closed to customers and visitors, services will continue to be provided over the telephone and internet.

The University Interscholastic League (UIL) suspended all UIL sanctioned contests, rehearsals, practices and workouts due to the outbreak of COVID-19 in Texas. Effective March 16, all UIL interscholastic activities are suspended through March 29.

On March 21, the US and Canada will temporarily restrict all non-essential travel across the US-Canada land border. The measure will be in place for 30 days, at which point it will be reviewed by both parties.

Governor Abbott recognized the difference in the number of positive COVID-19 tests reported by the Texas Department of State Health Services and the Johns Hopkins University data dashboard, saying the Johns Hopkins provides "additional cases that may not yet be confirmed" and may include cases of people who have been brought into the state from cruise ships. Medical groups have offered up the masks and medical gear, including the Texas Society of Plastic Surgeons and the Texas Medical Association. Dr. Luis Rios, president of the Texas Society of Plastic Surgeons, delivered 1,000 masks, 1,000 gloves and hundreds of gowns, the governor said.

OPERATIONAL PRIORITIES:

1. Protect life and property.
2. Support rapid & effective response.
3. Collect and disseminate accurate incident information to improve decision-making.
4. Accurately track incident costs associated with assigned resources for cost recovery.
5. Expand and maximize bed capacity.
6. Develop alternative care sites to support local governments and the health care systems.
7. Acquire supplies/equipment to support health care and testing.
8. Protect vulnerable populations.
9. Ensure visibility on progression of the disease.
10. Support local governments.
11. Set communications messaging for the event based of science and the circumstances.

Region 1 (Includes DDCs 4, 5, 6, and 22)

DDC 4B – Garland (Includes: Collin, Dallas, Ellis, Hunt, Kaufman, Navarro and Rockwall Counties)

By order of Dallas County Judge Clay Jenkins Effective as of 11:59 p.m. on March 23, 2020, and continuing until 11:59 p.m. on April 3, 2020 all individuals currently living within Dallas County are ordered to shelter at their place of residence, All businesses operating within Dallas County are required to cease all activities at facilities located within the County and All public or private gatherings of any number of people occurring outside a single household or living unit are prohibited. There are diminished visitation at hospitals across the board.

Cedar Hill State Park - Effective March 25, 2020, the park will be closed until further notice. Please continue to check the Texas State Parks Alert Map or the park's website regularly for the latest information about the status of parks.

DDC 5 – Mt. Pleasant (Includes: Bowie, Cass, Delta, Franklin, Hopkins, Lamar, Morris, Red River and Titus Counties)

All essential face-to-face transactions are by appointment only. All other business to be conducted via mail, email, internet or phone.

Majority of hospitals have restricted or cancelled visitations.

Titus Regional Medical Center – visitation control measures are in place.

Paris Medical Center – restricting visitation.

Christus Mother Frances - Sulphur Springs visitation control measures are in place.

Delta County: There is no public access into the Delta County courthouse without appointment. Restricted hours for employees. All essential face-to-face transactions are by appointment only. All other business to be conducted via mail, email, internet or phone. VFD's, EMS, and SO have provided guidance to first responder organizations regarding COVID-19 response procedures.

All churches have canceled in-person services and are broadcasting via internet.

Franklin County: The courthouse is closed to public access and is by appointment only. Franklin County Sheriff's Office has suspended visitation.

Hopkins County: Hopkins County and Sulphur Springs Emergency Management have consolidated into one EOC, Level III. All churches in Hopkins County have been closed per their EMC. All events at the Hopkins County Civic Center have been canceled. All nursing homes in Hopkins County are under visitation suspensions.

Lamar County: Lamar County District, County, and JP courts have restricted or canceled court. Municipal Courts are also restricted or canceled. City of Paris Municipal court conducting normal business. Some courts are using other means if possible, to conduct operations (web base or by phone).

Morris County: The county jail has suspended visitation.

Red River County: Red River County offices are closed to the public. No gathering of more than 10 individuals is permitted. All houses of worship are closed, with some performing virtual

services. All mass gathering events are canceled until further notice.

Titus County: All courts have been canceled or scaled back with appropriate spacing between people per county EMC. Visitation to the prison/justice facility has been suspended.

DDC 6 – Tyler (Includes: Anderson, Camp, Cherokee, Gregg, Harrison, Henderson, Marion, Panola, Rains, Rusk, Smith, Upshur, Van Zandt and Wood Counties)
211 program added new resources this Wednesday morning, and 1.5 new agents will assist with call volume. Tuesday, 211 East Texas Region answered over 400 calls and over 11,000 statewide.

Anderson County: The municipal court in the City of Palestine has been postponed until May 6. There is limited public access at the Palestine Police Department.

Anderson County declaration limits the size of gatherings to no more than 10 people and mandates the cancellation of such gatherings of more than 10 people until further notice in Anderson County. Some of the Anderson County offices have restricted public access at this time, asking public to call before coming to offices or conducting online services.

City of Palestine has closed city offices to the public. They are offering online services and a drop box for the public. DPS DMV is closed to the public.

Camp County: Camp County & City of Pittsburg - city and county officials are participating with UT Health Pittsburg on a daily call on COVID -19.

Gregg County: Gregg County & City of Longview – Gregg County Judge publicly announced guidelines for a voluntary Shelter-In-Place request to citizens from March 24 – April 7, with the possibility of issuing mandatory shelter-at-home orders if more positive COVID-19 cases occur in the county. Guidelines are based on CDC's recommendations. Municipal Court has been canceled until May 1 in the City of White Oak. All local churches in the City of White Oak have canceled services through April 3.

City of Longview – Longview Public Library is suspending all services. Longview Animal Shelter continues adoptions by appointment only.

City of Mount Enterprise - Mt. Enterprise Marshal has received masks from Rusk County OEM and has gloves. He disinfects after each call out and traffic stop. Protocols being followed.

City of Pittsburg - Emergency services are functional and operating under COOP Protocols to minimize exposure, sustain critical functions, and provide for lines of succession. City created options for continuing basic functions and for remote/virtual citizen access.

Pittsburg ISD - Student instruction is being provided virtually and by packet pick-up. PISD is furnishing pick-up meals to about one-half of the student population.

Newspapers: Some local newspapers are providing a place for local businesses to advertise their hours of curbside/drive thru service (Gladewater Mirror, White Oak Independent, Lindale News & Times, Tyler Morning Telegraph)

City of Tyler – The PHLET Lab received additional reagent on Tuesday, which allows for continued testing. The Animal Shelter is limiting services to appointment only, and continues to respond to community calls when received. Tyler ISD reportedly fed 5,000 students week 1 of closure and served 2,500 meals Monday.

Henderson County:

City of Gun Barrel City – The Mayor ordered a Shelter In Place Order effective as of 11:59 p.m. on March 25. Verbiage indicates same elevated mitigation measures and orders as City of Tool issued.

City of Seven Points - City of Seven Points held an emergency meeting on March 24 via internet and extended the declaration until April 9 which will be the next scheduled City Council meeting. During the meeting the City of Seven Points Council also placed a Shelter In Place Order effective 11:59 pm March 25 until April 9, 2020. No court or City Hall business unless is can be done over phone or internet. No jury or bench trials scheduled through mid-May 2020. EMTF (RAC-G) - TX EMTF is at "Normal Ops". Most EMTF 4 components are mission capable for non-COVID 19 responses. MIST, if available, may assist with COVID-19 response (non-clinical).

Hopkins County - The Cities of Cumby, Como, and Tira are covered by Hopkins County Emergency Management

City of Tool – The Mayor ordered a Stay at Home Order effective as of 11:59 p.m. on March 25.

City of White Oak had their local disaster declaration extended by the City Council until May 15.

Rusk County: The Mount Enterprise Post Office reports increase in labor. Proper PPE used, droves and masks made available with gloves predominantly used. Drivers no longer collecting signatures on anything. Rusk County - JP Precinct 3 court cancelled for 90 days. The JP has masks at home for call outs. TDCJ East Texas Treatment, Moore, B. Prison (Private), and Bradshaw Prison (Private) have not been able to secure N95 masks and gowns for use.

Smith County: There is a testing site in Smith County at UT Health. Smith County and City of Tyler law enforcement officers have been given directions to limit exposure to COVID-19 in their duties in public interactions.

Per the Superintendent, Tyler ISD is currently monitoring 20+ of their employees in self-quarantine until Sunday, March 29. TISD distributed 5000 meals last week (Superintendent indicates that this number needs to be much higher). Food distribution for TISD students only. Partnering with the Mentoring Alliance and the East Texas Food Bank for distribution. Schools throughout the City of Tyler utilized for distribution points include: Boulter Middle School, Three Lakes Middle School, Hubbard Middle School, Moore Middle School, Caldwell Elementary School, Griffin Elementary School, and Peete Elementary School (coming online today).

DDC 22 – Sherman (Includes: Cooke, Fannin and Grayson Counties)

Cooke County: Cooke County Consolidated Testing Site located in the parking lot at North Texas Medical Center; Community testing site is in the planning phase.

Fannin County: Fannin County hospitals are limiting access. Bonham Fire is implementing a mandatory decontamination of ambulances and medics returning from service calls.

Grayson County: Texoma Medical Center and Wilson N. Jones Medical Center are restricting visitation, Wilson N. Jones has also closed its dining facility.

Region 2 (Includes DDCs 13, 14, 15, 16 Houston, 16 Texas City, 16 Conroe, and DDC Pierce)

DDC 13–Bryan (Includes: Brazos, Burleson, Grimes, Leon, Madison, Robertson and Washington Counties)

Brazos County: Brazos County Health District is still conducting contact investigations until further notice. Drive-thru testing is occurring at local hospitals for high risk individuals only. Emergency Management will be assisting Brazos County Health District with the internal entity notification of cases.

The Community Emergency Operations Center staff is monitoring the situation, working with BVCOG Region, TDEM, BCHD, and DSHS. They will continue to issue additional reports Monday-Friday, with reports on Saturday and Sunday as needed. The CEOC is currently at Level II, working virtually by phone and email.

Madison County: Daycares are experiencing low attendance, but several are still open. Groceries are available on a limited basis and most people are following social distancing rules in public. Madison has no toilet paper, hand sanitizer, bleach, Kleenex, paper towels, etc., on any local business' shelves. Stores are attempting to stock other items as they arrive, and some have placed limits on certain purchases. County officials are gathering information on economic loss, workforce status, and PPE situations for Law Enforcement, Fire, medical, nursing homes and critical infrastructure.

Madison County governmental offices are not entirely closed to the public at this time, nor is the City of Midway office. Some offices are closed to the public and several offices are limiting visitors and all are encouraging the public to do business online, by phone, email, etc. The City of Madisonville has closed their offices to the public. Most services are available online, but many of their residents do not have internet at home, or it is very limited.

Washington County: The Washington County Courthouse and all County offices are closed to the public. County offices are doing business by email, online, telephone, and if absolutely required, appointment only. Access to the courthouse is restricted and we are using a brief screening questionnaire for employees as well as anyone who has to go in to the courthouse. Washington County and the City of Brenham, in collaboration with Faith Mission, are setting up a public disaster information center number for COVID-19 for residents to call for information

and assistance. Brenham and Burton ISD is provided meals for students that need them. Meals for seniors are being delivered as needed. The hospital is continuing to prepare and has done testing for COVID-19 thru a physician's order.

DDC 14–Lufkin (Includes: Angelina, Houston, Jasper, Nacogdoches, Newton, Polk, Sabine, San Augustine, San Jacinto, Shelby, Trinity and Tyler Counties)

Newton County: A 24-hour curfew remains in place throughout the county for all unaccompanied person(s) under 18 years of age.

DDC 15 Beaumont: On March 24, at 8:15 AM the first patient was successfully tested at the Regional EOC established Testing Site. The Test Site will be staffed week days from 0800 to 1700 and closed on weekends. Testing at this Test Site will be done by appointment only. Citizens must call the Call Center (409-550-2536) and obtain an appointment time and Patient Number in order to be tested. Citizens arriving at the test site without a Patient Number will be turned away. All personnel reporting to the incident shall have their temperature taken and maintain a "COVID-19 14-Day Symptom Monitoring Log". Temperatures shall be taken prior to entering the work area at the beginning of the day, after returning from lunch, and at any other time where there are health concerns. The goal for the next 24 hours is to coordinate and effectively operate the established Test Site and Call Center and to develop an "Inclement Weather Plan" for the Test Site.

The SETx MAC-G is going to issue a Stay at Home one page addendum to the current orders which limits people to only one adult member of the home going into stores or retail establishments at the same time. At this time, that addendum has not been issued.

DDC 16 – Houston (Includes: Chambers and Harris Counties)

All healthcare facilities in the Region are being impacted. SETRAC CMOC is tracking and providing information to the SOC and SMOC.

DDC 16A continues to work with DPS Region 2 HQ/Houston on monitoring two state-supported drive-through testing sites. Each site is manned by Harris County Public Health personnel with law enforcement assistance from local Law Enforcement. There are also six DPS Troopers assigned to each location for additional support.

Chambers County: A STAR was submitted for ventilator parts, which will probably be an ongoing issue for Chambers County and other jurisdictions.

Chambers County issued a Stay Safe/Emergency order, which is similar to the Harris County Order and also effective through April 3. Chambers County is using similar communication methods to inform and alert all citizens. The County has also issued a separate Curfew Order which is still in effect. The County has activated its plan for citizens to sign up for special letters to travel during curfew.

Harris County: Harris County Public Health, along with the City of Houston and community partners are working to establish COVID-19 testing sites.

Harris County is working on potential homeless sheltering. The Catastrophic Medical Operations Center (CMOC) continues having waves of STARS which are then forwarded to DDC 16A. DDC 16A has processed a total of 421 STARS for the period of March 21-24.

Harris County issued a “Stay Home Work Safe” order for all cities and unincorporated areas within the County. No reports yet on how citizens are responding. The order purpose is to continue COVID-19 containment efforts by stressing that only essential travel and business should be done; citizens should maintain six feet social distancing; households should continue to remain at home if possible; congregate activities are being actively discouraged. The order is in effect through April 3. Public information on the order is being sent to all citizens via electronic alerts, phone calls, social media, and emails. Information is also posted on various websites. Individual cities are also sending out similar information.

City of Friendswood: City of Friendswood city buildings will be closed to the public beginning Thursday morning, March 26, but the Library drive-through window remains open 9 a.m. to 7 p.m. Monday through Thursday, and 10 a.m. to 6 p.m. Friday and Saturday. Click on www.friendswood.lib.tx.us for details on requesting specific items to be held for pick-up at the Library’s drive-through, the Children’s Department book bag program and the Library’s vast virtual collection of e-books, audiobooks, streaming video, virtual story time, magazines, and homework/research databases.

For the safety of residents, there are additional closings within City parks. Playground equipment in all parks are now unavailable for use. Medical experts say that the virus can stay on surfaces for several hours. City playgrounds cannot be constantly disinfected. This closure affects the playground equipment in Stevenson, Centennial, Leavesley, Old City, and Renwick Parks. In addition, the Stevenson Park Splash Pad is now closed. The PetSafe Dog Park in Old City Park is also closed. Previously, Stevenson Park volleyball court and the Stevenson Park and Centennial Park basketball courts were closed. They remain closed. The remainder of the City’s parks and walking trails are open provided safe social distancing and group sizes of ten or less practices are followed.

FINAL COMMENTS: The State Operations Center (SOC) remains at Level II (Escalated Response Conditions). The Texas Division of Emergency Management (TDEM) continues to monitor the situation and will provide additional situation reports as needed.

The four levels of SOC activation are:

- Level I (Emergency Conditions)
- Level II (Escalated Response Conditions)
- Level III (Increased Readiness Conditions)
- Level IV (Normal Conditions)

This Situation Report can be found on the TDEM webpage at: <https://tdem.texas.gov/situation-reports/>
